ABOUT ME

Motivated and detail-oriented Economics graduate with a strong foundation in research, data analysis, and problem solving. Seeking opportunities in a dynamic and growth-oriented environment where I can apply my academic knowledge and practical skills to contribute effectively, while continuously developing professionally through learning and experience.

WORK EXPERIENCE

Dr. Apurba Roy – Barishal, Bangladesh

University research assistant

[01/08/2024 – Current]

Skills: Academic Research, Literature Review, Research Proposal Writing, Research Methodology, Survey Design, Primary Data Collection

- Assisted in literature review, survey questionnaire preparation, and primary data collection for academic and applied research projects
- Cleaned and organized research datasets and conducted preliminary quantitative analysis using STATA
- Supported report writing, editing, and visualization of research findings for project documentation and presentation
- Coordinated research activities, timelines, and task management under the supervision of the project lead
- Contributed to ongoing research on coastal early warning systems, focusing on community response and disaster preparedness
- Assisted in desk review, research design, data preparation, and analytical documentation for disaster-related research work

Innovision Consulting Private Limited – Dhaka, Bangladesh

Business economics researcher

[10/11/2025 – 31/01/2026]

Skills: Impact Assessment, Data Analysis, Economic Research, Research Design, Market & Trend Analysis, Report Writing, Stakeholder Engagement

- Conducted economic research, desk reviews, and literature synthesis
- Designed research tools and supported primary data collection for impact assessment
- Analyzed qualitative and quantitative data to evaluate program effectiveness and outcomes
- Assessed microeconomic impacts on youth-led enterprises and entrepreneurship ecosystems
- Identified market trends, challenges, and opportunities in emerging sectors
- Developed analytical briefs, reports, and presentations to inform strategic decisions
- Produced case studies and communication materials highlighting program impact
- Facilitated stakeholder consultations and documented key insights and findings

 **DATA ORCHARD** – United Kingdom (online)

Data Entry & Web Scraping Operator

[11/07/2024 – 31/03/2025]

Skills: *Web Research, Web Scraping, Data Entry, Database Management*

- Conducted web research and gathered information from online sources and websites
- Performed web scraping and organized collected data into structured formats
- Processed **(2500+ rows) data** while maintaining **99% accuracy**
- Managed and updated databases ensuring data consistency and confidentiality
- Verified and cleaned data to improve accuracy and usability
- Used spreadsheets and digital tools for efficient data handling

 **Self-employed** – Barishal, Bangladesh

Private tutor

[01/11/2021 – 10/11/2025]

Skills: *Teaching, Communication, Lesson planning, Time management, Problem solving, Interpersonal skills*

- Delivered **one-to-one tutoring (approx. 5-6 hours per week)** to secondary and higher secondary students
- Taught subjects including Mathematics, Science, and English
- Supported **40+ students over 4 years** in academic improvement and exam preparation
- Designed personalized lesson plans and study materials based on student needs
- Monitored student progress and provided regular feedback to improve performance
- Maintained consistent teaching schedule over a **4-year period**

EDUCATION AND TRAINING

Bachelor of Social Science

University of Barishal [09/02/2020 – 24/08/2025]

City: Barishal | Country: Bangladesh | Website: <https://bu.ac.bd/> | Field(s) of study: Economics | Final grade: 3.69 out of 4 | Level in EQF: EQF level 6 | NQF Level: Level 6 (Bachelor's degree equivalent) | Type of credits: Credit-based academic system (compatible with international standards) | Number of credits: Approx. 146 credits

- **Foundational & Advanced Economic Theory:** Principles of Microeconomics and Macroeconomics, Intermediate Microeconomics and Macroeconomics, and Advanced Microeconomics (I & II) and Macroeconomics (I & II), providing strong theoretical understanding of economic behavior, markets, and policy analysis
- **Applied Economics Fields:** Development Economics, Public Economics, International Trade, Labor Economics, Health Economics, Environmental Economics, and Applied Economics, focusing on real-world economic issues and policy implications
- **Econometrics & Quantitative Methods:** Introduction to Econometrics, Applied Econometrics, Time Series and Panel Data Analysis, and Statistics, including regression analysis, hypothesis testing, and empirical model building
- **Mathematical & Optimization Techniques:** Mathematics for Economics, Dynamic Optimization, and quantitative problem-solving skills applied to economic decision-making and modeling
- **Computing & Data Skills:** Introduction to Computer Programming and practical data handling, along with statistical software applications such as STATA, SPSS, and EViews for data analysis
- **Research & Methodology:** Research Methodology, academic writing, literature review, survey design, and empirical research techniques
- **Interdisciplinary & Analytical Skills:** Agricultural Economics and Environmental Economics, emphasizing sustainability, resource allocation, and development challenges
- **Critical Thinking & Problem-Solving:** Strong ability to interpret economic data, analyze complex problems, and develop evidence-based conclusions

RESEARCH PROJECTS

Assessing Waste Management Behaviour through a Knowledge, Attitude, and Practice (KAP) Lens: A Case Study of Coastal Urban Households in Bangladesh

- Conducted primary data collection through field surveys, gathering data from 431 households in coastal urban areas. Applied econometric and statistical methods, including linear regression, logistic regression, and chi-square tests, to analyze behavioral patterns. Performed thematic analysis using NVivo 15 alongside quantitative analysis in STATA 14.0. Contributed to data analysis and interpretation to assess waste management practices. The study is currently under review for publication.

Assessing Food Security and Household Coping Strategies in Coastal Bhola: An Empirical Study

- Conducted primary data collection from 400 households using structured survey tools. Applied econometric techniques, including logistic regression and Poisson regression, using STATA 14.0 to analyze food security conditions and coping strategies. Contributed to data analysis and interpretation to identify key socioeconomic patterns in coastal communities. The study is currently under review for publication.

EXTRACURRICULAR ACTIVITIES

[11/02/2025 – Current]

Junior Research Fellow at Barishal University Research Society (2025 - Present)

- Assisted in academic research activities, including literature review and data collection
- Collaborated with research teams on university-based projects
- Contributed to data analysis and preparation of research materials

Volunteer Data Collector for A Research on HPV Awareness among Parents of Young Girls in Bangladesh (2023)

- Collected data from 200+ parents across 5 schools in Barishal for a nationwide, published research study
- Maintained a 100% accuracy in data entry and documentation, ensuring research integrity
- Contributed directly to a study (DOI: 10.1016/j.heliyon.2024.e30897), impacting national health policy

[15/02/2020 – 31/12/2022]

General Member – Badhan (Barishal University Unit) (2020-2022)

- Participated in voluntary blood donation and awareness activities
- Supported organizational events and community service initiatives
- Promoted social responsibility and humanitarian efforts

[11/08/2020 – 11/11/2020]

Volunteer – Vaccination Campaign (UNICEF) (2020)

- Supported vaccination campaign activities in collaboration with UNICEF initiatives
- Assisted in community outreach and awareness regarding immunization
- Helped coordinate field-level campaign activities

[01/06/2017 – 08/06/2017]

Participant – 38th National Science and Technology Week (2017)

- Participated in national-level science competition
- Achieved 3rd place ranking among participants
- Presented project demonstrating scientific and analytical skills

CERTIFICATIONS

[British Council, 13/03/2026]

IELTS Academic (International English Language Testing System)

[University of Barishal (2024 - 2025)]

Data Analysis (STATA/SPSS/EViews)

Mode of learning: Research-Lab based

[EDGE Training Program (2024), 18/03/2025]

Web Development (HTML/CSS/Bootstrap)

Mode of learning: Project based

[Bangladesh Technical Educational Board, 04/10/2016]

Computer and Application Management (MS Office)

Mode of learning: Presential

LANGUAGE SKILLS

Mother tongue(s): Bengali

Other language(s):

English

LISTENING C1 READING C1 WRITING B2

SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

Korean

LISTENING A1 READING A1 WRITING A1

SPOKEN PRODUCTION A1 SPOKEN INTERACTION A1
